Child & Adolescent Psychopharmacology Workshop

Nicholas Evangelidis, M.D.

Saturday, April 2, 2016
10:00am-3:00pm

Jay/Spare Room, Kansas Union

Attendees will qualify for 3.5 hours of intermediate level Continuing Education for Psychologists*

Please RSVP to johnlcooley@ku.edu

Dr. Evangelidis is a ABPN-certified child psychiatrist at Via Christi Health in Manhattan, KS

Learning Objectives:

- Identify commonly prescribed medications for children and adolescents with mental health needs (e.g., attention-deficit/hyperactivity disorder, anxiety and mood disorders, aggression)
- Summarize issues related to medication noncompliance and drug interactions with other substances
- Describe how psychologists can collaborate with youth’s medical prescribers

*The KU Clinical Child Psychology Program is approved by the American Psychological Association to sponsor continuing education for psychologists. The KU Clinical Child Psychology Program maintains responsibility for this program and its content.
