CGS April 15 Resolution ............................................................................................ 20
August 17, 2016

Dear Colleague,

As a Director of Graduate Studies (DGS), you perform a vital role in your department and on this campus. As an often unrecognized contributor to the success of your degree program, we thank you for your dedication to graduate education at the University of Kansas. I hope you find this service to be a rewarding experience in your faculty career at KU.

The activities of a DGS require a set of expertise that may not be necessarily obvious or immediately intuitive. We have created today's orientation session and this handbook to assist you to become familiar with and prepare for the demands of this position. Some of those calls on your time and attention you will already have anticipated, and some may surprise you.

Besides the Office of Graduate Studies, there are many other resources inside your department and across campus of which you can avail yourself as you meet the challenges and the opportunities of your new role. My hope is that we can connect you to some of these resources, and that the presentations and discussions in the orientation, along with the information provided in this handbook will enhance your effectiveness in your graduate leadership role.

I appreciate your willingness to support KU's graduate students and encourage you to call on us in the Office of Graduate Studies if you need help. If there are ways in which this handbook or any other work that we do can be improved, please let us know.

Sincerely,

Michael C. Roberts
Dean, Graduate Studies

College Office of Graduate Affairs and Graduate Studies Staff
What is a DGS?

What is the role of a director of graduate studies (DGS) at KU? A director of graduate studies is a faculty member from a respective program who serves as the representative of all things graduate for that unit. While the individual duties vary from program to program, this may encompass any and all aspects of the graduate student trajectory – from recruitment to admission and matriculation, from first year transitions to dissertation completion, and into placement and alumni relations. Graduate directors will become familiar during their tenure with a host of school, Graduate Studies, and university policies and processes that support graduate education at KU. Whether you are a seasoned veteran or a first-time director, welcome to your role!

Notes
Recruitment

A variety of resources are available to programs and departments to support recruitment efforts.

Office of Public Affairs, Marketing Communications
Graduate departments and programs may utilize the resources of marketing communications to create recruitment materials. Marketing Communications is, “a team of experts in all areas of marketing communications — branding, writing and editing, design, Web, social media, video, and photography.” Examples of recent projects, and KU themed logos and templates are available on their website, http://publicaffairs.ku.edu/marketing.

Prospect CRM
In support of graduate program recruitment, Graduate Studies works with programs to create robust campaigns in Prospect, a software product that allows graduate programs to manage prospective graduate student inquiries from first contact through matriculation. For more information, contact Abby Ehling, Assistant Director of Graduate Admissions (aehling@ku.edu), or your respective Graduate Admissions representative:

Schools of Architecture, Engineering, Journalism, Pharmacy, College of Liberal Arts & Sciences, and School of the Arts: Faith Eissler, feissler@ku.edu.

See the Appendix for examples of communication templates.

Additionally, the Self Graduate Fellowship purchases names of prospective applicants from Educational Testing Services’ GRE list during the 2016-2017 academic year, and limited funds may be available for programs that are not eligible for Self Graduate Fellowship funds (funding is pending). Contact Abby Ehling, Assistant Director of Admissions, (aehling@ku.edu), for additional information.

Brochures and Tablecloth
When programs/departments travel for recruitment purposes, Graduate Studies is happy to provide recruitment materials, including KU Graduate Studies brochures. The office is also able to loan out a KU pop-up banner and tablecloth, and has a limited supply of promotional items.

Faculty Web Resources
Additional resources for recruitment are hosted on the Faculty/Staff section of our website.

Graduate Fairs
Graduate Studies and the Self Graduate Fellowship offices attend targeted fairs throughout the year. Programs are encouraged to share materials with Graduate Studies to share with prospective applicants. Fall 2016 conferences include:

McNair Heartland Research Conference and Graduate Recruitment Fair
September 23-25, 2016

Washburn Career and Graduate School Fair and Graduate Salute
September 14, 2016
Purdue University Big Ten + Graduate School Expo  
September 26, 2016

Alabama Connection Graduate and Professional School Expo  
October 3, 2016 – October 6, 2016

SACNAS (Advancing Chicanos/Hispanics and Native Americans in Science)  
October 13 – 15, 2016

ABRCMS (Annual Biomedical Research Conference for Minority Students)  
November 9 – 12, 2016

More information about the Self Graduate Fellowship’s recruitment schedule is available at https://selfgraduate.ku.edu/recruitment.

If programs are interested in sharing materials at these fairs, e-mail graduate@ku.edu.
Funding

**Graduate Studies funding opportunities**
Graduate Studies offers funding for graduate students in the categories noted below.

Please refer to this list of deadlines:

</tbody>
</table>

**University Graduate Fellowships:** Application deadline: 09/06/2016
For the 2017-2018 academic year, Graduate Studies anticipates distributing approximately $1,000,000 in university graduate fellowship (UGF) funding to doctoral programs. The intent is to support departmental efforts that are aligned with the strategies and action items identified in strategic goal 2 of **Bold Aspirations**, the University’s strategic plan. Applications may be submitted at [https://graduate.ku.edu/university-graduate-fellowships](https://graduate.ku.edu/university-graduate-fellowships).

**Graduate Recruitment Support Awards:** Application deadline: 09/12/2016
For the 2016-2017 academic year, Graduate Studies will distribute approximately $30,000 to faculty in their efforts to recruit underrepresented students. Awards will not exceed $2,000 unless the application is a collaborative effort between multiple departments. Applications may be submitted at: [https://graduate.ku.edu/graduate-recruitment-support-awards](https://graduate.ku.edu/graduate-recruitment-support-awards).

**Departmental Scholarships, New Students** Nomination deadline: 01/30/2017
Nominations are limited to two per program/department and must be ranked by the department. For each student nominated, departments should indicate all scholarships for which the nominees are qualified. These $5,000 scholarships include:

- Mary Elizabeth and Andrew P. Debicki Scholarship
- Graduate Studies Diversity Scholarship
- Dorothy Clark Lettice Scholarship
- John H. Nelson Scholarship
- Dr. Laiten L. and Verna Nye Camien Scholarship
- Fred G. Soxman Memorial Scholarship
- Jane Harris Scholarship
- William Belt Scholarship
Departmental Scholarships, Continuing Students Nomination deadline: 01/30/2017
Nominations are limited to two per program/department and must be ranked by the department. These scholarships include:

- Dwight Eisenhower/Clifford Roberts Graduate Fellowship
- Harry S. Truman Good Neighbor Awards, Henry J. Talge Memorial Scholarship

Summer Research Scholarships: Nomination deadline: 02/27/2017
The Office of Graduate Studies is pleased to offer Summer Research Fellowships for the 2017 Summer Session. The stipend is $5,000. Nomination is by department only. Preference will be given to doctoral students who will have completed their comprehensive exams by the last day of class for the 2017 Spring semester. Enrollment in the 2017 Summer Session is required. It is expected that the summer research fellowship would be the student's primary form of support during the summer and that the student would not hold a GTA/GRA/GA appointment concurrent with the award.

Awards and Recognitions Nomination deadlines vary
Graduate Studies also provides recognitions that include monetary awards. These include:

- Byrd Graduate Educator Award Nomination deadline 02/27/2017
- Graduate Teaching Assistant Awards Nomination deadline 02/27/2017
- Distinguished Service Awards Nomination deadline 02/27/2017
- Outstanding Graduate Support Staff Award Nomination deadline 03/27/2017
- Argersinger Dissertation Award Nomination deadline 04/10/2017
- Research Presentation Awards from the annual research competition

Graduate Student Scholarly Presentation Travel Fund Rolling application by student
The Graduate Scholarly Presentation Travel Fund is available to Lawrence campus graduate students only. Students must be presenting a paper or the disciplinary equivalent at a national or regional meeting of a learned or professional society. A student may receive an award ($500) only once, and funds are available on a first-come, first-served basis.

Doctoral Student Research Fund Application: Tentatively set to open in September and January
The Doctoral Student Research Fund is designed to support KU doctoral students who need assistance to carry out research that advances progress toward the degree.

New: Graduate Student Emergency Fund Accepted year round
Limited funds are available to support students in adverse situations to complete their degree.

Council of Graduate Schools (CGS) April 15 Resolution
The University of Kansas is a signee to this resolution, which has been a standard in graduate education for decades and states: “Students are under no obligation to respond to offers of financial support prior to April 15; earlier deadlines for acceptance of such offers violate the intent of this Resolution. In those instances in which a student accepts an offer before April 15, and subsequently desires to withdraw that acceptance, the student may submit in writing a resignation of the appointment at any time through April 15…”

Funding includes all offers of funding, including scholarships, fellowships, assistantships, and signing bonuses.
See the Appendix for the full resolution and list of CGS member institutions that support the resolution.

**External funding: [http://graduate.ku.edu/funding](http://graduate.ku.edu/funding)**

Graduate Studies provides a series of fall workshops for students focused on applications to a small number of external fellowships. Graduate programs are strongly encouraged to look to increase the number of applications made by students for external fellowships. The fellowships that Graduate Studies conducts workshops on include:

**National Science Foundation Graduate Research Fellowships**  
**Deadlines in October/November**  
**Workshop: September 7, 12 pm – 1 pm, Jayhawk Room, Kansas Union**

The purpose of the NSF Graduate Research Fellowship Program (NSF GRFP) is to help ensure the vitality and diversity of the scientific and engineering workforce in the United States. The program recognizes and supports outstanding graduate students who are pursuing research-based master’s and doctoral degrees in fields within NSF’s mission. The GRFP provides three years of support for the graduate education of individuals who have demonstrated their potential for significant achievements in science and engineering research.

**National Science Foundation Dissertation Improvement Grants**  
**Deadlines in October/November**  
**Workshop: September 8, 12 pm – 1 pm, Centennial Room, Kansas Union**

This workshop presents information on the National Science Foundation Doctoral Dissertation Improvement Grants and how to apply for them. These grants help doctoral students in social, behavioral, and economic sciences, and selected areas of the biological sciences, to improve their dissertation: for examples, to purchase items not normally available through the student’s university, to undertake significant data-gathering projects, or to conduct field research in settings away from their campus that would not otherwise be possible.

**Ford Foundation Fellowships**  
**Deadlines in November**  
**Workshop: September 15, 12 pm – 1 pm, Centennial Room, Kansas Union**

Ford Foundation Fellowships are sponsored at the predoctoral, dissertation, and postdoctoral level by the National Academy of Sciences. The Ford Foundation seeks to increase the diversity of the nation’s college and university faculties by increasing their ethnic and racial diversity, to maximize the educational benefits of diversity, and to increase the number of professors who can and will use diversity as a resource for enriching the education of all students.

**National Institutes of Health F31/F32 Fellowships**  
**Deadlines vary**

The National Institutes of Health supports predoctoral and postdoctoral fellowships through the F31 and F32 mechanisms. Find more information on the Ruth L. Kirschstein National Research Service Awards on the NIH website.

A full listing of Graduate Studies workshops and events open to students is available at: [https://graduate.ku.edu/upcoming-events](https://graduate.ku.edu/upcoming-events)
Comparative Data & Goal Setting

Graduate Studies has partnered with the Office of Institutional Research and Planning (OIRP) to provide graduate programs with data and information that may be utilized for program planning and goal setting.

Program Profiles
The sixth annual doctoral program profiles were released in summer 2016. Each profile includes data on faculty, enrollment, admissions, financial support, the number of degrees completed and postdoctoral plans. Master’s program profiles were provided for the second time in summer 2016. If you have questions about your program profile, or suggestions, please contact Amanda Ostreko at (amandao@ku.edu).

**Doctoral program** admissions tables show average number of applicants, admissions, and enrollments in the doctoral program during the three most recent summer/fall application cycles.

**Master’s program** admissions tables show average number of applicants, admissions, and enrollments in the master’s program during the three most recent spring/summer/fall application cycles.

**All admission tables** show average GRE scores when available, as well as GPA from previous institutions. Beginning with the FY 2013 reports, GRE scores have been converted into the current score ranges to allow comparisons over time.

**Student support** includes any assistance disbursed through or recorded in the university HR Pay, financial aid, student financials, or third party payment systems. Assistantship data is calculated for 9 months, and includes appointments in departments other than the students’ program, including on the Medical Center campus, if applicable. Other support includes assistance received during the academic year as of that date. Other institutional support may include tuition waivers and adjustments; scholarships, grants, and fellowships; and other grant-funded or institutional support. Some external support may not be included.

**Departmental Faculty** includes tenured and tenure track faculty, regular and temporary instructors, and other instructional faculty paid by the department governing this program. Faculty counts are taken in October of each year and may include faculty administrators and tenured faculty on phased retirement.

**Enrollment and demographic** counts are included for the most recent fall and averaged for the previous three fall semesters.

The **admissions** table shows average number of applicants, admissions, and enrollments in the doctoral program during the three most recent summer/fall application cycles. When available, GRE scores and GPA data from previous institutions are included in averages. Beginning with the FY 2013 reports, GRE scores have been converted into the current score ranges to allow comparisons over time.

**Degree counts and time to degree** data are included for the previous six years, in three-year increments. Time to degree calculations are based on time elapsed from the first
semester enrolled as a degree-seeking graduate student in the program’s department to
the graduation term.

Postdoctoral plans as reported on the Survey of Earned Doctorates at the time of
dissertation submission are included for the most recent five years available. Type of
employer or further training type is collected only for students with firm postdoctoral
plans.

Graduate Student Satisfaction Survey
The Graduate Student Satisfaction Survey was conducted in spring of 2016. Results will be
shared with individual programs in the fall semester of 2016. Questions about the survey results
should be directed to Amanda Ostreko at amandao@ku.edu.

Academic Information Management System (AIMS)
AIMS data are available in DEMIS. AIMS provides administrators with resources for evaluating
and planning at the school and department level, and provides several commonly used trend
data items. AIMS contains data elements required by the Kansas Board of Regents Program
Review, as well as data items requested by the Provost Office.

Visual Analytics, Tableau
Tableau is intended to provide management information through interactive dashboards for
academic and administrative units. Data originating from various KU student and financial
systems are fed to the dashboards on a daily, weekly, monthly or term basis from the university
data warehouse. A subset of these dashboards are open to all faculty and staff, while others
require authorization from the dashboard owner.

Graduate Studies has partnered with OIRP to create and share departmental data in the areas
of admissions, enrollment, degrees, stipends, and student debt. Summaries of the Graduate
Studies’ dashboards are in the Appendix. For access to these data, e-mail graduate@ku.edu.

Additional Data for Planning
Graduate programs are encouraged to utilize the information from the program profiles,
graduate student satisfaction survey, AIMS, and Tableau as part of the departmental program
planning process. If there are other data that would be useful to the program in this endeavor,
please contact Amanda Ostreko.
Resource Guide

Graduate Studies staff guide

The Dean of Graduate Studies oversees three units; the Graduate Studies Office, Graduate Military Programs, and the Self Graduate Fellowship Program. Below is a staff listing of each unit, followed by a guide of who to contact regarding graduate studies policies and practices.

Graduate Studies Workbooks

Click on “Home,” then “Graduate Studies.”

Graduate Admissions

Admissions data represent point-in-cycle totals. Data are compared weekly between years. For example, admission totals one week before classes for fall 2013 may be compared to admission totals one week before the start of fall 2014 classes. These data are provided to assist graduate programs with enrollment planning; these are not official totals for a given term and should not be used for official reporting purposes.

Graduate Clearinghouse

The National Student Clearinghouse (NSC) tracks student enrollments at participating higher education institutions. Each year, KU requests NSC data on students who were KU applicants. These charts are based on information reported to the NSC for financial aid purposes. Note that only institutions that report data to the NSC are included and that very few international students are part of these totals. These data allow programs to see where students enrolled if they did not attend KU. Data can be parsed by admitted students or all applicants.

Graduate Metrics

This workbook provides ten years of historical information on graduate programs, including majors, GTA/GRA/GA counts and degrees awarded. Many of these data are also available in AIMS.

Graduate Student Stipend

This workbook charts comparative graduate student stipend data from member institutions in the Association of American Universities Data Exchange (AAUDE). Per KU’s agreement with AAUDE, data from other institutions cannot be identified with the institution name; two-digit numbers are used to identify peer institutions. KU data are noted. Each dashboard alphabetically lists the names of the institution being used on the dashboard, but there is no relationship between the list and the codes on the dashboard.
Financial Aid and Scholarships Workbook

Click on “Home,” then “Financial Aid and Scholarships.”

Graduate Student Debt

This workbook charts graduate student loan data for the Aid Years 2011-2015. These data include loan information for the graduate degree career; undergraduate debt totals are not included in these charts.

Questions about any of these dashboards should be directed to graduate@ku.edu.
CGS April 15 Resolution
